Adult Education Programs

Who is Centric Learning?

In a nutshell, Centric Learning supports educators and students with our project-based learning online solutions, creating a **new way of learning** that has positive student outcomes for schools and districts across the globe. We encourage you to give us a look for YOUR students!

[About Us](#)

Finally, AFFORDABLE Student Credit Recovery!

You know credit recovery is important to high school students, as it provides them with the opportunity to get back on track academically and meet graduation requirements. We know that too, but we did not have that solution on our platform... UNTIL NOW! More importantly, we made it budget friendly!

Why Aren't My Alternative Students Engaged?

We hear this all the time when we are traveling and meeting educators. It's a problem many alternative programs face, right? Engaging alternative students can be challenging because traditional teaching methods often fail to address their unique needs and learning styles. That's where Project-Based Learning comes to the rescue!

Centric Learning Presents at the National Alternative Education Association

Pairing Competency-Based Assessment with Project-Based Learning: A Powerful Approach for Alternative Education Students

Presenter: Maidie Baker, Director of Curriculum & Instruction

This presentation will explore how combining Competency-Based Education (CBE) with Project-Based Learning (PBL) creates a dynamic and personalized learning experience, particularly suited for alternative education students. By focusing on mastery of specific skills and knowledge through hands-on, real-world projects, this approach empowers students to take ownership of their learning journey. Attendees will learn how CBE allows students to progress at their own pace, ensuring they fully understand concepts before moving forward, while PBL encourages critical thinking, creativity, and problem-solving. Together, these models foster deeper engagement, academic growth, and practical readiness, making them an ideal framework for supporting diverse learners in alternative education settings.

NATIONAL ALTERNATIVE
NAEA
EDUCATION ASSOCIATION

2024 NAEA Conference

Tucson, Arizona

October 7-9

The Westin La Paloma Resort & Spa

Off-Roading in Arizona!

ANOTHER awesome Centric Learning appreciation event is in the books! We took a group of educators and administrators from the National Alternative Education Association with us on an off-road excursion! Thanks for joining us, gang! 🙌 🙌 🙌 A special thank you to Rally Bus and Tucson Adventure Rentals!

Be on the lookout for our special appreciation events at conferences we attend!

? Do you know of an alternative education conference that we need to attend?? Send the conference information to jeremy.johnson@centriclearning.net!

Where Will We Be Next?

Meet the Centric Team

Prior to joining the Centric team, Jeremy has been in a Director role for the past 15 years including eight in the education software industry. His passion (mantra) coincides with Centric Learning's mission of helping the educators educate and helping the learners learn! Jeremy is a life-long treasure seeker which includes real-life treasure hunting, metal detecting, and magnet fishing. In his spare time, he loves to spend time with his wife and two kids, ages 10 and 8. Together they love outdoor adventures, vacation destinations, camping, and Michigan sports--Go Blue!

Jeremy Johnson, Director of Sales and Marketing

We've created a range of virtual school solutions for the classroom and hybrid/virtual settings for grades 3-12 - all built with our award-winning project-based curriculum.
